DIVISION OF MEDICAL SCIENCES

Tentative January/Spring '14 Course Schedule

		8:00 - 8:30	8:30 - 9:00	9:00 - 9:30	9:30 - 10:00	10:00 - 10:30	10:30 - 11:00	11:00 - 11:30	11:30 - 12:00	12:00 - 12:30	12:30 - 1:00	1:00 - 1:30	1:30 - 2:00	2:00 - 2:30	2:30 - 3:00	3:00 - 3:30	3:30 - 4:00	4:00 - 4:30	4:30 - 5:00	5:00 - 5:30	5:30 - 6:00	6:00 - 6:30	6:30 - 7:00	7:00 - 7:30	7:30 - 8:00	8:00 - 8:30	8:30 - 9:00	9:00 - 9:30
JANUARY COURSES 2014	BCMP 301qc.				Monday through Friday 9:30 - 4:00 (TBC)																							
	Cell Biology 301qc.				Monday through Friday 9:30 - 5:00 (TBC)																							
	Cell Biology 311qc.			Monday through Friday 9:00 - 6:00 (TBC)																								
	DRB 330qc/331									Monday through Saturday 12:00 - 6:00 (TBC)																		
	Genetics 390qc/391qc		Monday through Friday 8:30 - 4:00 (TBC)																									
	HBTM 301qc.			M-F 9:00 - 11:00 (TBC)																								
	Microbiology 302qc.			Monday through Friday 9:00 - 5:00 (TBC)																								
	SHBT 203		M-F 9:30 - 10:30, Lab 10:30 - 1:30																									
	Virology 301qc.																	T & Th 4:30 - 6:00 (TBC)										
MONDAY	BCMP 234			9:00 -10:30																								
	Cell Biology 201					10:30 - 12:00																						
	Cell Biology 207													2:00 - 4:00														
	Cell Biology 211									12:00- 1:30																		
	Cell Biology 302qc.																	4:00 - 6:00										
	Cell Biology 304qc									12:00 - 7:00																		
	Cell Biology 308qc.											1:00- 5:00																
	Cell Biology 310qc.														2:30 - 4:30													
	Genetics 202										12:30 - 4:00																	
	HBTM 305qc.															3:00 - 5:00												
	Immunology 303qc.																	4:00 - 6:00										
	Neurobiology 204					10:00 - 12:00																						
	Neurobiology 209																					6:00 - 8:30						
	SHBT 202	Clinical Observations 8:00 - 3:00																	5:00 - 7:00									
	SHBT 205				9:30- 11:30																							
	Virology 201														2:30 - 4:00													
	SHBT 203				9:30 - 10:30				Lab 10:30 - 1:00																			
	Pathology 301qc.															3:00 - 5:00												
TUESDAY	BCMP 201				9:30 - 11:00																							
	BCMP 213																3:30 - 5:00											
	BCMP 307qc.																3:30 - 5:00											
	BCMP 309qc.																3:30 - 5:00											
	Cell Biology 207													2:00 - 4:00														
	Cell Biology 307qc.															3:00 - 5:00												
	Genetics 219							11:00 - 2:00																				
	HBTM 200 (HT. 035)			9: 00 - 11:00																								
	Immunology 202												1:30- 4:00															
	Immunology 302qc.									12:00 - 1:00																		
	Microbiology 201					10:00 - 12:00																						
	Neurobiology 221					10:00 - 12:00																						
	SHBT 202	Clinical Observations 8:00 - 3:00																										
	SHBT 203				9:30 - 10:30				Lab 10:30 - 1:00																			
	SHBT 204							11:00 - 12:30																				
WEDNESDAY	BCMP 201																	4:00- 5:30										
	BCMP 234			9:00 - 10:30																								
	Cell Biology 201					10:30 - 12: 00																						
	Cell Biology 211									12:00 - 1:30																		
	Cell Biology 302qc.																	4:00 - 6:00										
	Cell Biology 304qc									12:00 - 7:00																		
	Cell Biology 308qc.											1:00- 5:00																
	Cell Biology 310qc.														2:30 - 4:30													
	Immunology 301									12:15 - 1:15							3:30 - 5:00 (disc.)											
	Neurobiology 204					10:00 - 12:00																						
	Neurobiology 207												1:30 - 3:30															
	Neurobiology 209																							7:00 - 9:30				
	Neurobiology 304qc.																				5:30 - 7:30							
	SHBT 202	Clinical Observations 8:00 - 3:00																		5:00 - 7:00								
	SHBT 205				9:30- 11:30																							
	SHBT 203				9:30 - 10:30				Lab 10:30 - 1:00																			
	Virology 201														2:30 - 4:00													
THURSDAY	BCMP 201				9:30 - 11: 00																							
	BCMP 213																3:30 - 5:00											
	BCMP 307qc.																3:30 - 5:00											
	BCMP 309qc.																3:30 - 5:00											
	Cell Biology 207													2:00 - 4:00														
	Cell Biology 307qc.															3:00 - 5:00 (dissussions)												
	Cell Biology 309qc.																					6:00 - 7:30						
	Genetics 302qc.											1:00 - 3:30																
	HBTM 200 (HT. 035)			9: 00 - 11:00					Lab 11:00- 1:00																			
	HBTM 304qc.																			5:00 - 7:00								
	Immunology 202												1:30 - 4:00															
	Immunology 204				10:00 - 1:00																							
	Immunology 305qc.																		4:00 - 6:00									
	Microbiology 201				10:00 - 12:00																							
	Microbiology 213											1:00 - 4:00																
	Neurobiology 221				10:00 - 12:00																							
	SHBT 202	Clinical Observations 8:00 - 3:00																										
	SHBT 203				9:30 - 10:30					Lab 10:30 - 1:00																		
	SHBT 204							11:00 - 12:30																				
FRIDAY	BCMP 234			9:00 -10:30																								
	BCMP 303qc.				9:00 - 12:00																							
	Cell Biology 201					10:30 -12: 00 (sections)																						
	Cell Biology 304qc									12:00 - 7:00																		
	Cell Biology 308qc.											1:00- 5:00																
	Cell Biology 310qc.														2:30 - 4:30													
	Genetics 228													2:00- 5:00														
	Immunology 306qc.			9:00- 11:00																								
	Microbiology 210	8:30, 9:45- 11:45																										
	Neurobiology 207					10:00 - 12:00																						
	SHBT 202	Clinical Observations 8:00 - 3:00																										
	SHBT 203				9:30 - 10:30					Lab 10:30 - 1:00
